

## How to Use ConNI

### Grow Your Business Through Our New Negotiation Tool

Welcome to ConNI, our intelligent negotiation bot designed to streamline price discussions. Available in English, Spanish, and French, ConNI adapts to your preferred language for a seamless experience!

1. **Getting Started:** ConNI will begin the conversation with an overview of your offer items. You'll see all essential details to quickly assess the opportunity for a discount.
2. **Respond to ConNI's Prompts:** ConNI will guide you through the negotiation, asking questions like:
  - "What percentage discount would you like to offer on the total cart?"
  - "Can you provide a reduced total price for this cart?"
3. **Provide Clear Responses:** Answer with a total amount or a straightforward percentage:
  - "Our reduced price for the total cart is 4,500 EUR."
  - "We can offer a 5% discount."
4. **Negotiation Window:** The negotiation platform is accessible for a limited time. If more time is needed, you can request an extension, as long as the delivery times can be met:
  - "Can we extend the negotiation period?"
5. **Language Flexibility:** Switch between English, Spanish, or French anytime by simply indicating your preferred language. ConNI will seamlessly continue the negotiation in your chosen language.
6. **Final Summary & Confirmation:** At the end of the negotiation, ConNI will provide a summary of the agreed price and ask for your confirmation to finalize the process. Simply review the summary and confirm to complete the negotiation:
  - "Yes, I confirm the agreed terms."

ConNI makes negotiating simple, efficient, and adaptable to your language preference. Just respond to ConNI's prompts, and confirm at the end for a hassle-free experience!
