HARALD RENNER
CFO OSRAM CONTINENTAL GMBH

BOARD MEMBER FOR FINANCE, PURCHASING, IT AND LOGISTICS

“Car lighting is fascinating because it is not a simple function; instead it extends the human sense of vision.”

Harald Renner has many years of experience in financial management for global technology companies and has held management positions in several joint ventures in the automotive supplier industry.

At Continental AG, where he worked in Controlling in the Body&Security business unit, in Germany and abroad Harald Renner was responsible for setting up OSRAM Continental. Prior to this he was CFO of a joint venture between Vaillant GmbH and Siemens VDO Automotive and held a management position at a joint venture between Allibert and Siemens.

As CFO of OSRAM Continental GmbH, Harald Renner is responsible for Finance, Purchasing, IT and Logistics.

Harald Renner is married and has two children.
