Strategic Action Field: Smart Mobility

Becoming a Leader in Smart Mobility

Smart Mobility Mission

Make transportation more **efficient!**

Make traffic **Safer!**

Reduce total cost of ownership!

Protect the **environment!**

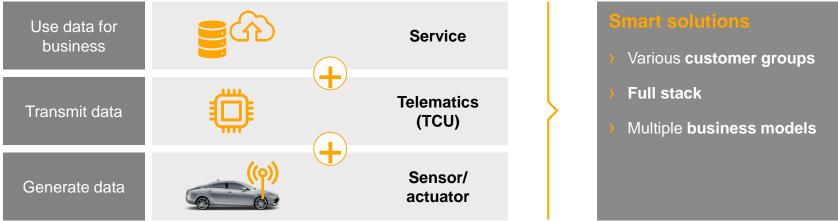

Add value to the customers' business!

Smart Mobility Key Statements/Executive Summary

Mobility today partly smart: Fragmented, most unconnected, island solutions

Connects data and uses knowledge to provide insights and recommendations

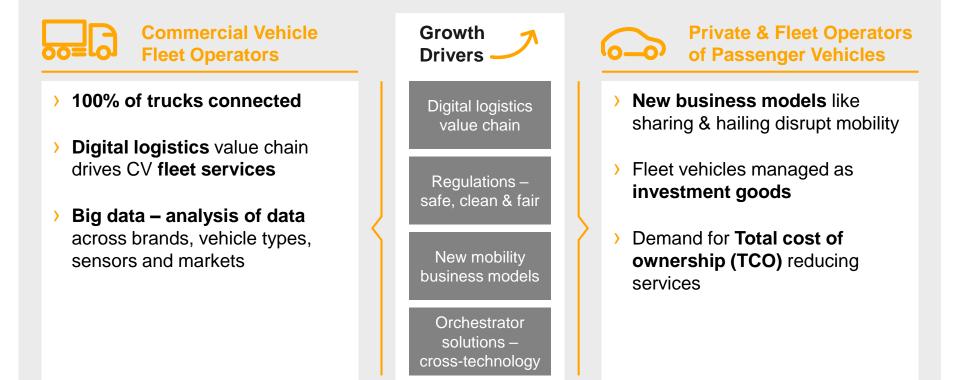

Α

B

Growing Need for Smart Mobility Solutions

Converging Requirements & Demands from CV and PV Worlds

Key Challenges of Smart Mobility Our Capabilities and Solutions Provide Customer Value

Customer Challenges

Continental Solutions

Scattered landscape of independent elements

Modular full stack solutions and systems from sensor to service Difficult to interpret data from a multitude of sensors and actuators

Longstanding **experience** working with and profound **understanding** of automotive sensors, actuators and computing

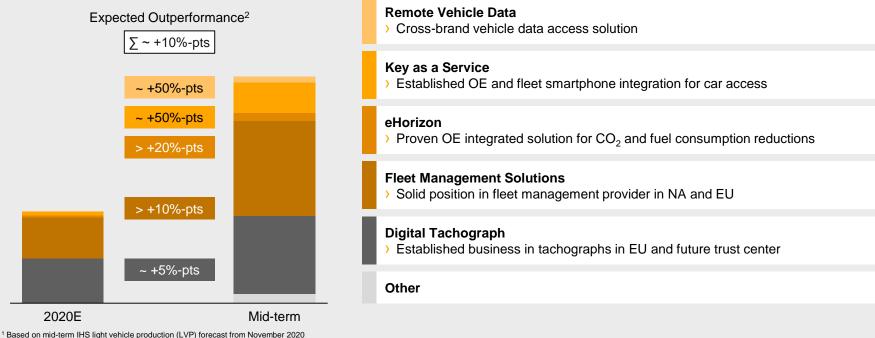

Necessity to use several solutions in parallel

Holistic end-to-end integrated systems providing superior insights in an easy-to-use solution

Smart Mobility

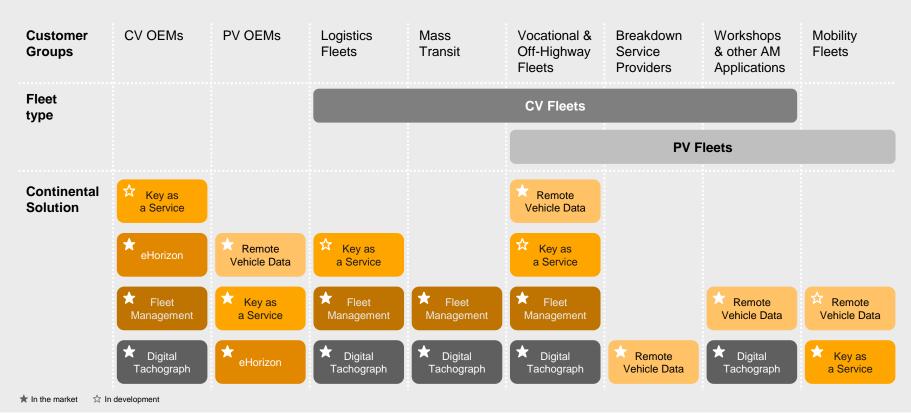

Comprehensive Portfolio of Solutions to Drive Strong Growth

Sales in Action Field¹ (€)

¹ Based on mid-term IHS light vehicle production (LVP) forecast from Noverr ² Mid-term organic sales growth above IHS LVP

Comprehensive Smart Mobility Solutions Expanding Offerings to Cover Needs of Diverse Customer Groups

Digital Tachograph

The Trusted Data Center in the Vehicle

Product

- Tracking of driving and rest periods
- Transmit speed, driver and weight information
- Ready for cabotage, on-board weighing and CO₂ regulation

Benefits for customers

- Compliance with all regulations, e.g., EU Mobility Package I & II – mandatory for each truck
- > Secured against manipulation
- > Store safe and secure in our secured network

Continental positioning

- Established business in the EU
- Trusted supplier of easy-to-use solutions
- > Deep vehicle integration
- > THE trusted data center for all future applications

Fleet Management Solutions – Logistics and Vocational Reduce Total Cost of Ownership

Modular and holistic end-to-end solutions to reduce the total cost of ownership

Product

- > Precise routing and tracking
- Actionable reports and dashboards
- Driver efficiency scoring and coaching
- > Verified pre-trip inspections

Benefits for customers

- Analyze fleet and business data to optimize processes
- Increase driving efficiency and save fuel
- > Improve driver safety

Continental positioning

- > With the **Z**NAR brand solid position in fleet management
- Vehicle knowledge and integration is essential for the future full digital logistics chain

Fleet Management Solutions – Student Transportation

Protect Students Lives as Unlimited Value

Product

- School bus tracking for student safety incl. ridership app
- > Verified inspections, incl. sanitation in a pandemic
- > Stop arm camera safety program

Benefits for customers

- Protecting the lives of ~10 million children in North America every day
- > Peace of mind for **parents**

Continental positioning

- Building on established market position in integrated safety solutions for school buses
- > Full system solution for school districts

eHorizon Solutions

Environmental Protection Meets Fleet TCO Improvement

Product

Automatically set gear, engine characteristics and speed

- > Use information on road profile ahead
- More integrated and connected data model includes traffic and road condition information

Benefits for customers

- > Saving >10,000 liters diesel in the lifetime of a truck
- > >1.8 bn liters diesel saved1
- >>4.6 mn tons CO₂ reductions¹

Continental positioning

- Established and proven OE integrated solution
- Automatic and reliable reduction of emissions and fuel consumption

¹ Cumulated over lifetime | Sources: own estimates

Key as a Service Continental Creates Mobility Experience

Product

- Provide access and start authorization via smartphone
- Secure cloud back-end and highest security standard
- > Short loop communication

Benefits for customers

- > Smartphone Access will be standard in the near future
- Coverage across various OEs factory and aftermarket
- Significantly reduce effort and costs for service delivery

Continental positioning

- Solid position for OE installed car access systems
- Established in several car sharing fleets and roadmap for rollout in execution
- Already generating 20k keys per day

Remote Vehicle Data

Diagnostic Data to Enhance Fleet Business Models and TCO

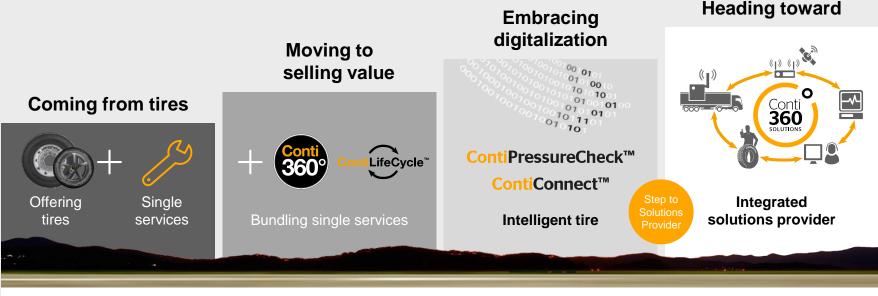

- Access to comprehensive manufacturer specific vehicle data
- > Coverage of various OEMs
- > Predictive maintenance enabler

- Increased uptime and reduced breakdowns
- > Improved service quality
- Significantly reduce effort and expenses for service delivery
- Continental with an established
 position in vehicle electronics
 is mastering all information in
 and around the car already
- > Solution active in the market

Cooperation Across Continental

Enabling Integrated Solutions

- Industry development from products towards selling integrated smart systems and services extracting added value
- > Continental as only integrated Tire and vehicle electronics player is positioned to provide these solutions

Continental Established in Full Stack

Modular Architecture for More Service Opportunities

Established service

Existing back-end infrastructure and running services (ContiTech, fleet management system, Tire information system)

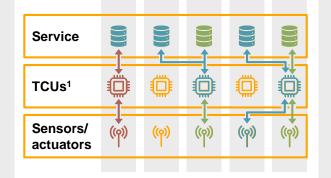

Solid market position for TCU¹ OBD²-II Dongle in production Solid position in 3G, 4G, 5G telematics Established in digital tachographs

Large portfolio of sensors/actuators Bluetooth low energy, tire sensor, door-access-controls, on-board weighing, NOx sensor

Vertical stand-alone architecture Service TCUs¹ Sensors/ actuators

Past

Horizontal coherent and modular building blocks

Future and Continental's offering

¹ TCUs: Telematic Control Units ² OBD: On-board diagnostics

Becoming a Leader in Smart Mobility

We Enable the Vehicle as a Commercial Asset for the Fleet!

Digital logistics value chain

Massive efficiency gains in B2B through fully digitized logistics chain enabled by Continental solutions

Regulations – Safe, clean and fair

Trusted supplier of easy-to-use solutions covering all regulations on environment, safety and compliance

New mobility business models

Key enabler for new business. Significantly reduced effort for service delivery. Full TCO management based on insights

Orchestrator solutions – Cross-technology

Superior understanding of the vehicle combined with system integration capability as key differentiator
